

ITDA Summer 2019 Newsletter

NEW EXPERIENCE SCUBA FREE CERT

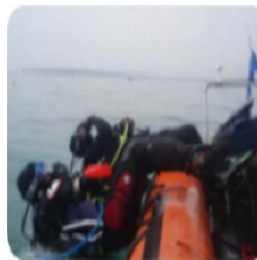

If you are a diving instructor, dive master or run a diving business then you will know only too well the value of the “**Experience Dive Programs**” ... All the agencies have their variations on a theme we had the Entry Level Diver and Introduction to Scuba, PADI offer the DSD Discover Scuba Diving, and NAUI have the ESE Entry Scuba Experience etc. etc.

Getting people into the water as quickly as possible with the minimum of theory and skills, just to “EXPERIENCE” the world of scuba diving... Many agencies offer a certification but rarely are these programs certifications. WHY? Simply because it costs the Instructor and or the training facility value income. They must buy the certification.

ITDA are offering the experience scuba, day courses and our Introduction to Scuba-Diving now for FREE yes, FREE!

Because we feel that these “dippers”, “tea bags”, and experience levels, (Whatever you call them) should receive a certification as they have gained the “Experience” and have paid money for it.

So, a reward by way of recognition is a great value-added benefit for the would-be diver. We ask only that the person taking the program register with us on-line and accepts that we may contact them regarding further training offers. That's it! Anyone can appreciate there is never a “Something for Nothing” deal...

We are also offering with the registration a download link to the Introduction to Scuba materials workbook also FREE!

***Instructors from other agencies may also use this program!
All you need to do is to register with us. NO Crossover or Fee.***

ITDA OFFERS

***FREE – FREE -FREE!
e-certification and e-
card... [Link Here to Form](#)***

For the would-be diver to obtain their FREE certification by email all they must do is to go on-line and enter their instructors' number...

We then send an email to the Instructor asking for confirmation and that the persons details are correct! Just a few lines less than 2 minutes... We then mail an e-card and an e-certificate.

We also offer a plastic ID card with a small charge of just €10 plus post at cost...

Cert maybe also registered on our Deepblu.com app.

***Non ITDA Instructors may
certify without crossover!
And NO FEES...***

NEW CERTIFICATION PROGRAMS

We have introduced new training and Certification programs for 2019... Open Water Diver+ Plus (OW with two or more specialist diver certifications at level 1. Adding value and experience. And New Occupational and Public Safety Programs for professional diving certifications in Occupational diving (At Work).

ITDA **Open Water+** Program is very simple to organise and offer because basically you follow the guidelines for the Open Water Course Program and Then just add the minimum of two specialist certifications at level 1 with a minimum of 1 dive each.

This level offers more value to the diver in two important ways; 1. They get an experience of the specialist level and this is credited to their experience level for later upgrade to the specialist level 2. They also get credit towards the advanced diver level by having the extra dives...

ITDA are also developing new standards in our professional diver core programs for “At Work Divers” with our Occupational Diving and obtaining approvals for training in Europe, starting with Spain.

Non-ITDA Professionals

May train and certify our FREE Introduction to Scuba program without crossing over and without paying a FEE for year 1. All they need to do, is to Register with us online and we need to confirm credentials and where applicable insurance cover. [Instructor Registration Link!](#)
